The International Jerusalem Conferences on Health Policy have been established as an important forum, bringing together researchers and policy makers from around the world to discuss crucial current issues and trends in health policy. The scientific program will include plenary sessions, invited and contributed papers and poster sessions.

An array of distinguished, internationally renowned speakers as well as representatives of Israeli healthcare institutions has already confirmed its attendance.

We welcome abstract submissions in the forefront of health policy research, with additional scoring for abstract addressing the conference theme

Abstract submission deadline is March 12, 2019
